Please find attached 8 additional petition signatures. It has been discovered one property owner's signature was collected by two separate people so have changed the original total of 74 to 73, after adding the 8 we are submitting at this time total signatures collected will be 81. The signatures were collected by myself unless indicated by another person's signature at the bottom of the petition.

I would like to advise you that all of the signatures collected are property owners who show on the Yavapai County Tax Records . Some may be in a TRUST of which the signer's are part of said TRUST and have the legal authority to sign.

Thank you,

Patty Berry
